Rob

ATTACKS KIM!

FEAR OF HAVING HIS PROBLEMS EXPOSED IN FRONT OF THE WORLD LEADS THE LONE KARDASHIAN BROTHER TO LASH OUT AT HIS SISTER.

ROB KARDASHIAN'S Instagram tag line says, "Love God." But the disgruntled sibling is showing anything but affection for sister Kim: He posted a bloody picture of actress Rosamund Pike playing a sociopath. "This is my sister Kim, the b**ch from *Gone Girl*," his caption read.

The post wasn't just a humorous jab at Kim's new blonde hair. An insider says that Kim has been leading the charge to stage an intervention so that Rob will be forced to deal with his reported abuse of alcohol, pot and Sizzurp (a combination of prescription-strength cough syrup and soda). "He is really angry, because he heard Kim wanted to air it on *KUWTK*," says the source. "And he is furious that his mom, **Kris**, was going to go along with the plan. He feels very alone and thinks they only want to exploit him."

In fact, Kris recently ditched her son on his birthday (see pg. 50), and Rob has been increasingly distancing himself from the clan over the past year. He skipped a family vacation to

Thailand and famously fled Kim's wedding to Kanye West. "The only family he ever felt close to were his father, **Lamar Odom** [Khloé's ex], and Kim's ex **Kris Humphries**, and now they are all gone," says the insider. "There's no one on his side."

The source says that Rob has been staying with Khloé "on and off," and has also heard that he's been hiding out at a seedy hotel in Downtown L.A. that's a known drug haven. "He ran away to there once he got wind of Kim's intervention plan," explains the source. "He's got problems, but he doesn't want to become a story line."

Rob's outburst comes as the whole family appears to be in a tailspin, mainly because of Kim. Explains the insider: "**Kourtney** is mad that Kim is saying she gave her a career; Kim is trying to wrestle control of the show from Kris; and **Bruce Jenner** is mad at both of them because they want to reveal info about his transition to boost *KUWTK*'s ratings, but he wants to save that for his own upcoming show. It's a mess." *

KYLIE JENNER TWO-FACED?

MINUS HER MAKEUP, THE KARDASHIAN CLAN'S YOUNGEST MEMBER LOOKS STRIKINGLY DIFFERENT!

WITH her cleavage-baring clothes and lashing of dramatic makeup, it's easy to forget that **Kylie Jenner** is just 17, an age where most girls are thinking about the SATs and prom — not lip injections and fashion week. But any of the reality star's 19 million Instagram followers know that acting her age isn't part of her burgeoning brand. So shoppers at Sephora in Calabasas, Calif., on March 18 were shocked to realize that the dressed-down, makeup-free girl perusing the cosmetics was in fact Kylie!

"I had to do a triple take when I saw her in the store," a shocked eyewitness

reveals to *Star*. "It's not that she looked bad without her usual makeup, it was just really weird to see in person."

The photos also poke holes in Kylie's claim that her new trout pout is simply the result of clever liner and lipstick. In fact, says New York-based plastic surgeon Dr. Norman Rowe, Kylie appears to have had more than a few nips and tucks. "It looks to me like Kylie has had Botox and fillers in her face," says Dr. Rowe. "And she has probably had work done on her nose."

The youngest member of the *Keeping Up with the Kardashians* cast also looked unusually bloated. "I think she is a bit heavier than she normally is," says

Dr. Rowe. "She could possibly be bulking up for a transfer of the added fat to another part of her body."

Indeed, Kylie has been showing off a bulkier booty as of late, prompting many to wonder if she's taken a page from big sis **Kim Kardashian's** playbook and reportedly undergone fat transfers to pad her posterior. And while Kylie is probably cringing at her au naturel photos, those who saw her in person say it was a refreshing change from her usual dramatic look. "I just couldn't believe how much younger she looks without all that makeup caked on her face," the source says. "For once she looked her age — and that's not a bad thing! ★

"I think he had a long night," said a witness who spotted Matthew at a casino.

Matthew Perry's

Gambling Binge!

With his new show a certified flop, **Matthew Perry** was hoping he was luckier at the casino than on TV. On March 15, a witness exclusively revealed to *Star* that Perry looked disheveled at the Talking Stick Casino in Arizona, and just four days later, the bedraggled-looking *Friends* alum was spotted at L.A.'s seedy Commerce Casino at 6 a.m. losing \$20,000 on just a few hands of poker! As *Star* previously reported, Matthew is distraught over *The Odd Couple's* terrible ratings and isn't coping well. "Everyone was worried about his well-being before, but now that he's gambling, things are getting worse," an insider explains. "He's blowing money and not getting much sleep. We're all just hoping he gets out of this slump soon." ★

KELLY OSBOURNE DESPERATELY SEEKING A JOB!

Kelly Osbourne stormed out of E!'s *Fashion Police* in a blaze of self-righteous glory, but now she's finding that her career has gone up in flames. "The way that Kelly left things with producers was extremely unprofessional and definitely burned a lot of bridges," snipes a network insider. "Because of that, she hasn't had any offers from E! or its affiliates."

While Kelly's rep insists that her job prospects are good, her friend tells *Star* that in fact, her phone isn't exactly ringing off the hook. "Other networks don't want to take chances on her because of her volatile nature," adds the source. "She can't believe it — she thought the job offers would be flooding in." But Kelly is telling friends that she's *glad* to be jobless, as it'll give her time to work on a pet project. "She wants to focus on her own fashion instead of judging other people's," says a friend. "She's saying that her clothing line for HSN is her new priority and she's eager to start designing more." ★

DEMI'S LOVE TRIANGLE WITH HER DAUGHTER!

Rumer Willis is locked in a twisted tango with mom Demi Moore as they both vie for the attention of Rumer's hunky *Dancing with the Stars* partner, Val Chmerkovskiy! "Rumer has a crush on him," a friend says. "He's sweet and handsome — that's attractive to any woman." Including 52-year-old Demi. "Demi coos about how gorgeous Val is and tells Rumer to invite him over to dinner," another pal says. "It gets under Rumer's skin because Demi has stolen her man before." In 2013, Demi reportedly dated boytoy restaurateur Harry Morton after he briefly dated Rumer. Demi then coupled up with a close friend of her daughter's, Vito Schnabel, and is now on-off with rocker Sean Friday, who at 28 is just two years older than Rumer. "It gets complicated between them," a friend explains. "Demi is still a gorgeous woman and goes for younger guys, who are right in her daughter's age group." Sounds like one mother of a mess! ★

CHRIS PINE TOO VAIN FOR LOVE!

He's dated some of the hottest women in Hollywood, but friends of single *Star Trek* actor Chris Pine say his ideal mate is a mirror! "He loves himself," says a source close to Chris, who's romanced the likes of **Audrina Patridge, Olivia Munn and Zoë Kravitz**. "How can he fall in love when he'd rather look at himself than at his dates?" While Chris has no problem meeting women, not many ladies are willing to put up with a man who's

that into himself. "He's always checking himself out and takes forever to get ready," laughs the friend. "He's not in a rush to settle down, but at some point he'll have to let go of his ego if he wants to find Ms. Right!" ★

NICOLE DISGUSTED WITH DEV

Nicole Kidman plays Dev Patel's adoptive mother in their new upcoming film, *Lion*, but an insider says that hasn't stopped the *Chappie* actor from eyeing her in a way that is anything but filial. "Dev leers at every female who passes by, and Nicole is no exception," says a well-placed insider. "He comes across as this sweet guy onscreen, but on the set he's the total opposite — he's constantly on the prowl."

Filming is set to start in April, and Nicole is already bracing for an awkward working relationship. "She said she was so turned off by him, she half wishes she'd never signed on," says the insider. "Once she started asking around about him, she discovered lots of people in the business were saying the same thing." ★

Brad & Angie

BACK ON TRACK

The couple reevaluate their priorities to put family first.

BRAD PITT and Angelina Jolie made onlookers do double takes on March 14 when they were spotted engaging in sweet PDA at their kids' soccer game in L.A. The couple's affection, which is normally seen only on red carpets, comes on the heels of their decision to move to Hollywood and live a "normal" life with their six children.

The *Fury* actor, 51, and the *Unbroken* director, 39, who are known for their globe-trotting lifestyle with Maddox, 13,

Pax, 11, Zahara, 10, Shiloh, 8, and twins Knox and Vivienne, 6, previously resided at Château Miraval in Correns, France. But after craving stability for their large brood, sources say they packed up and moved back to the U.S. "Their kids wanted to go to regular school, play sports and just be normal," admits a family friend. "and Brad and Angie had no problem making that happen."

Insiders say the drastic relocation has been on their minds since Angelina underwent a double mastectomy in

February 2013. "It was a harsh reality check," dishes the source. "It made them take a step back and realize their family is more important than their careers."

And Hollywood's modern-day Brady Bunch couldn't be happier. "The kids are so excited that they won't have to move again for a long time," says the pal. "Zahara and Shiloh just joined a soccer team, and they're all making new friends. This is an exciting new start for Brad and Angie." *

Jessica Chastain's COLD SHOULDER

Jessica Chastain has been dating Italian fashion executive **Gian Luca Passi de Preposulo** since 2012, but it seems their romance may be going out of style. Pals say the *A Most Violent Year* actress, 38, has become standoffish toward her beau in recent months, for no apparent reason. "When they first began dating, Jessica was always extremely affectionate," reveals a source, "but now she's really distant. When she knows that cameras are around, she'll hold his hand or link arms, but behind the scenes, she barely goes near him." And insiders confess that Gian has almost reached his breaking point. "Jessica gets so excited to see anyone else, even her girlfriends," continues the pal. "He's starting to take it personally." Ciao, lovebirds! *

STRIKE TWO For Patrick!

The wrecking ball just won't stop swinging for **Miley Cyrus**. Following last week's photographs of her boyfriend, **Patrick Schwarzenegger**, hugging and taking body shots off a sorority girl in Cabo San Lucas, Mexico, new shots have emerged of him flirting with yet another girl in Cabo — his ex **Taylor Burns**. In the new photos, Taylor whispers in his ear, encloses him with her arms and applies suntan lotion to his back. An insider says that Miley feels twice bitten. "She thought he was The One," a friend says. "She's really hurt." But instead of letting him see her cry, she uploaded a video of herself twerking and went on stage at SXSW with ex-boyfriend **Mike WiLL Made-It**, telling the crowd she was high. She then followed with a weekend of partying in Vegas. That'll teach him! *

Star COUPLES

The couple have been married since 2004 and have three children together.

Inside Josh's DARK STRUGGLE

BAD news for *The Real Housewives of Orange County* star **Katie Hamilton**. The wife of baseball star **Josh Hamilton** was only just added to the cast of season 10, but has already quit the show after producers insisted they cover her husband's ongoing struggle with substance abuse. Josh, 33, made headlines in February when news broke that he'd relapsed, using both cocaine and alcohol. But while the troubled L.A. Angels outfielder — who was also suspended from 2004 until 2006 for drug use — has been open about his struggles, his major league bosses aren't happy about him airing his dirty laundry on TV. "Katie is devastated," spills a family friend. "She feels like she's been living in Josh's shadow for their entire marriage, and this show was meant to be her own thing. She really wanted her time to shine." ★

Taylor & Carrie DATING?

There's a new couple on the cell block! *Star* can reveal that *Orange Is the New Black* actress **Taylor Schilling** has taken a cue from her on-screen character and is now dating a woman. The 30-year-old has been getting cozy with 40-year-old *Portlandia* cocreator **Carrie Brownstein**. The pair, who have been friends for a while, recently took things to the next level and pals say they couldn't be happier. "There's always been a spark," gushes a source. And the couple are wasting no time hiding their newfound love. Taylor was most recently spotted visiting Carrie in Portland, Ore., on March 15, where fans saw them out and about. ★

IS IT GONNA BE FOREVER?

Taylor & Calvin's HOT NEW FLING!

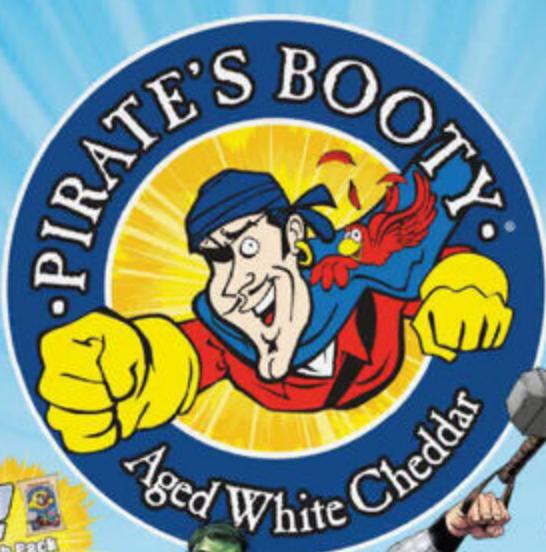

Taylor Swift is ready to change her single status on Facebook. The "Style" singer, 25, who's claimed in numerous interviews lately that she has no desire for a relationship, is back to her boy-crazy ways and is dating DJ **Calvin Harris**. The pair first sparked romance rumors when they were spotted holding hands at the Brit Awards in London on Feb. 25. Taylor then added more fuel to the fire by flying from New York City to Las Vegas to watch the Scottish hunk, 31, perform at Hakkasan nightclub on March 8. And pals say Calvin is *really* laying on the charm. "He's been emailing Taylor for months, trying to win her over," dishes a source. "He even chartered the jet that flew her and her girlfriends to Vegas. She's really impressed with his persistence." But don't hold your breath for a happily ever after. Taylor was also recently linked to singer **Hozier** and The 1975 frontman **Matt Healy**. ★

Tim & Faith

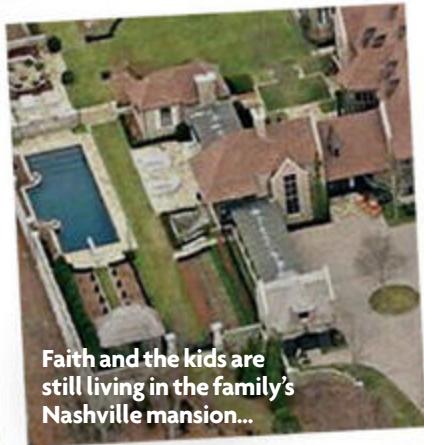

WHAT TORE THEM APART

FAITH HILL HAS KICKED TIM McGRAW OUT OF THEIR HOUSE. IS DIVORCE THE NEXT STEP?

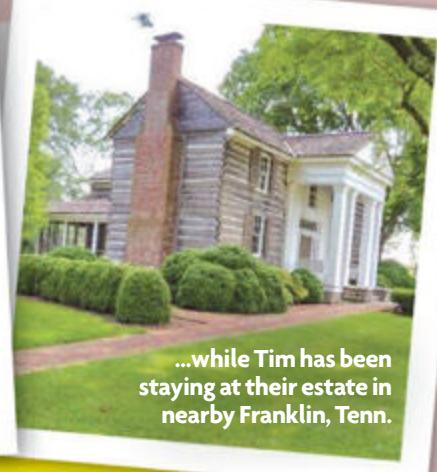

PERFORMANCE has always played a role in **Faith Hill** and **Tim McGraw's** marriage, from their lovey-dovey duets to their PDA-filled public appearances. But when the country-music superstars walked the red carpet together at the Academy Awards on Feb. 22, the obvious tension between them threatened to derail their happy-couple act. As Tim stood behind her, playfully pretending to bite her ear, the "Breathe" singer clenched her fists, clearly aggravated. And when he told her she looked "hot" during an interview, she blatantly ignored him. "They looked like they were putting on a show, only Faith didn't want to perform," says an eyewitness.

Tim noted his wife's cold shoulder, but he didn't address it until they returned home to Nashville, safely away from the

Faith and the kids are still living in the family's Nashville mansion...

...while Tim has been staying at their estate in nearby Franklin, Tenn.

Red Carpet Drama

Tensions between the couple were palpable at the Oscars in February (left). "Faith tried to look happy, but when Tim went to hold her hand, she pulled it away," reports an eyewitness. "She seemed annoyed."

spotlight. "They had a blazing fight, and she kicked him out of the house," a family insider reveals. "It's been a long time coming, but she's finally realized she can't continue to live this lie. She can't take it anymore."

Now friends are whispering that Faith may soon initiate divorce proceedings! *Star* has the inside scoop on the demise of Nashville's onetime power couple.

THE FINAL STRAW

According to the insider, Tim's rumored cheating was what sparked the post-Oscars blowout. "Faith has been hearing new stories about him fooling around, and she confronted him about it," the source says. "He denied it, but she kept yelling, 'I don't believe you!' Even if he isn't lying, though, she's suddenly at this point where she just wants him out. She's exhausted from all the drama."

Of course, cheating rumors have plagued the couple, both 47, for years, but Tim getting sober in 2008 — and Faith, in turn, exerting more control over him — tenuously held their marriage together. "Faith always used to blame his bad behavior on the alcohol. When she heard he'd been flirting or getting into fights, she'd say it was the drink, not him. But now that he's been sober for seven years, she's run out of excuses," the source says. "Hearing he's been up to his old tricks dredged up some sore memories." ▶

"Faith is suddenly at this point where she just wants Tim out!"

— a friend tells *Star*

While Tim and Faith turn up the romance onstage, "everything is different at home," says a pal. "Things are not OK, and Faith blames Tim for that."

A FAMILY DIVIDED

TIM COULD LOSE EVERYTHING

If the couple divorce, as sources claim they will, Tim stands to lose the most. In addition to their homes and \$120 million fortune, which Faith controls, he may have to give up custody of his three daughters, Gracie, 17, Maggie, 16, and Audrey, 13. "His girls are his pride and joy, and it would kill him to lose them," the source says. "Faith knows that, but she thinks they're old enough to understand why their dad isn't around. She's told Tim she'll get full custody if it comes to that." Tim is terrified of that prospect but isn't sure if there's anything he can, or even wants to do, to save their marriage. "She's closed the door on him," says one insider, "literally and figuratively."

She's convinced he's up to something—and it's destroying her."

Just 18 months ago, *Star* reported that Faith had confronted Tim about his allegedly "inappropriate" relationship with a gorgeous young masseuse who traveled with him on tour. Sources at their Las Vegas hotel said they could hear the couple screaming at each other from down the hall. And things have gotten worse since then. "Faith is absolutely raging right now," says the insider. "She can feel Tim slipping from her grasp, which is humiliating for her after she worked so hard to keep him in line over the last few years."

Her medical issues have complicated matters. Faith reportedly had neck surgery in January to alleviate pain from a herniated disc—a procedure that Los Angeles-based otolaryngologist Dr. Kamyar Amini says can potentially cause "vocal cord paralysis."

"She was terrified her singing career

might come to an end, and Tim acted like it was no big deal," says the source. "That really made her reevaluate her marriage."

GIVING HIM THE BOOT

This isn't the first time Faith and Tim have come close to splitting. Before he got clean, she threatened to leave him several times over his drug use. "His battles with drugs, in addition to the alcohol, were an issue in their marriage for a long time," the source reveals.

Then, in 2008, a pre-sobriety Tim crashed his Dodge Charger near their Franklin, Tenn., estate after a wild night out with his drinking buddy **Kenny Chesney**. Tim was lucky to escape without

serious injury and the crash was kept out of the headlines, but Faith kicked him out of their home afterward. When she eventually took him back, she ambushed him with an ultimatum: Tim had to straighten himself out and sign over control of all their assets—including royalties and properties—to Faith. "Tim

is still angry over how she dealt with his drug and alcohol issues," the insider reveals. "Instead of being there for him, she gave him ultimatums."

Since gaining control of their assets, Faith has held a sort of monetary and emotional power over her husband. "That's why it wouldn't be surprising if he's been looking elsewhere," the insider says. "She emasculates him, but then she'll act shocked and dismayed when he so much as glances at another woman."

The strain of their marital collapse is clearly taking a toll on Tim and Faith, both of whom have appeared shockingly thin lately. "It may not be long before they're forced to make an announcement about ending their marriage, and they're stressed about it," the source says. "They don't look healthy, and they certainly don't look happy. This latest fight is the beginning of the end for them." *

Bradley & JLaw “Meant To Be”

NOW THAT BRADLEY COOPER'S SINGLE, HE'S SPENDING TIME WITH LEADING LADY JENNIFER LAWRENCE. IS IT TRUE LOVE AT LAST?

Secret Rendezvous

On March 22, the pair were spotted leaving Jen's NYC hotel in the morning, with Bradley carrying her dog! In town promoting their new film, *Serena*, Jen said, “we always have a blast.”

LEAVING HER HOTEL

ASKED what the secret is to her intense chemistry with frequent leading man and “work husband” **Bradley Cooper**, **Jennifer Lawrence** cheekily responded, “No sex!” Yet, *Star* has learned, Jennifer and Bradley share a bond that goes far beyond “just costars.” And now that Bradley is officially single, they’ve grown even closer! On March 22, the *Silver Linings Playbook* stars were spotted leaving Jen’s New York City hotel together—with Bradley carrying Jen’s beloved dog, Pippi. “They go on private dates all the time,” says an insider. “Everyone assumes they’re just friends, but it’s evolved into something much bigger than that.”

TIMING IS EVERYTHING

Though Jen and Bradley clicked the moment they met each other, the timing never worked out for them, relationship-wise—until now. With Jen more off than on with Coldplay

frontman **Chris Martin** and Bradley and model **Suki Waterhouse** over and done after two years of dating, the path is finally clear for these two BFFs to pursue a romance. “Everything is finally working out perfectly for them, what with Brad breaking up with Suki,” the source explains to *Star*. “Jen never wanted to make a move before because she respected him too much, but they’re honestly meant to be. It was only a matter of time.”

SO MUCH IN COMMON

These days, Bradley and Jennifer can’t get enough of each other’s company. Frequent dinner companions, they don’t even argue about what restaurant to go to or how much to order. “We’re two of the biggest eaters in Hollywood,” Jennifer laughs.

No one close to the couple would be surprised if they soon went public with a full-blown romance. “Bradley loves Jennifer’s sense of humor, and Jen is crazy about his good looks and calm nature,” the insider explains. “They complement each other perfectly, and there’s no way they can ignore that.” *

HOW SHE KEPT IT A SECRET

Britney took great pains to keep her stay at Summit Malibu a secret. Checking in under the name Jessica, Britney also left rehab every Sunday so fans wouldn't notice the absence. "She made sure to go out in public and kept her social media accounts alive with photos and updates on her love life," the source says. "On Sunday evenings, she'd return to the facility."

While Britney lowered her dosage to acceptable levels in rehab, she wasn't able to stop taking pills.

Britney FORCED INTO REHAB

BRITNEY SPEARS SEEMS TO HAVE IT TOGETHER. BUT BEHIND CLOSED DOORS, THE ENTERTAINER IS SUFFERING UNDER HER DAD'S STRICT RULES—AND TURNED TO DRUGS TO COPE WITH THE PRESSURE.

SHE'S one of the hardest-working entertainers in show business — and on the surface, one of its biggest success stories. But while **Britney Spears** appears to have flourished under the legal conservatorship of her father, **Jamie**, the pop superstar is falling apart behind the scenes.

Under constant pressure from Jamie to perform and bring in more and more money, Britney sought help from prescription drugs — and secretly entered rehab late last year after becoming addicted, *Star* has learned.

"Her dad forced her into rehab because she was overdosing on a drug called Vyvanse," says a source, who was being treated at Summit Malibu rehab facility the same time Britney was admitted — between Thanksgiving and Christmas last year. "She said she'd initially been prescribed it for ADHD but that she'd severely upped the dosage. She made it clear that if she wasn't taking it, she didn't think she'd be able to perform in her Las Vegas show."

ESCAPING WITH PILLS

Designed to treat binge eating as well as ADHD, the drug comes with a warning that it can be habit forming. Yet Britney believed that taking it was the only way to keep up with the punishing schedule her father had created for her. Exhausted from her ongoing residency at Planet Hollywood in Las Vegas and heartbroken over

discovering that her then boyfriend **David Lucado** had been cheating on her, Britney longed to take a break.

But her father wouldn't let her. She began abusing the pills out of desperation — and a desire to escape Jamie's controlling ways. "Britney feels like her father runs her entire world, from deciding on what time to get out of bed each morning to when to get in the shower," the insider explains. "She makes no choices on her own — and it was obvious during group therapy that it really gets to her. Her dad makes the grocery list of what to keep in her refrigerator, he talks with Britney's stylists to make sure she is wearing appropriate clothing and even makes changes on her house without asking her first."

NO CHOICES OF HER OWN

Some believe that Britney requires constant supervision. After all, it was when left to her own devices that she suffered the public meltdown that led to her 2008 hospitalization for mental health issues. But sadly, the source

HER DAD CONTROLS HER ENTIRE LIFE

Britney would "vent about her dad whenever she could," says a fellow rehab patient, who says that she had to clear everything with Jamie — even haircuts. "It's boggling how much he controls her life."

says, Jamie seems to have gone too far in the other direction, bringing order into his daughter's life at the price of her happiness. And Britney expressed those feelings during her rehab stay.

"There was a lot of deep-rooted anger toward her father," the source says. "She would break down when she spoke about him. She hated how he controlled every aspect of her life" — the financial aspect in particular. According to the source, Britney isn't allowed to spend a penny of her millions without consulting her ▶

BAD LUCK WITH MEN

When Britney checked into Summit, she was still reeling over her split from **David Lucado** (left).

And though she'd just begun a new relationship with current boyfriend **Charlie Ebersol** (right), she had difficulty trusting another man. "She spoke a lot about the men in her life and how they'd all let her down by using her or cheating on her," says a rehab source. "She would just keep saying, 'I don't know what it is. I can't figure out how to find a guy who won't disappoint me.'" By the end of her stay, though, Britney had fallen in love with Charlie. "She realized that he could have run away but he didn't."

dad first. "Britney told us she couldn't even buy a \$400 iPad for her son after he lost his," says the source of the singer, who makes \$475,000 per night in Las Vegas. "She called the Apple store to find out the price. Then when she asked permission from her dad, her request was denied. It's horribly embarrassing that she's working her socks off and can't even buy things for her own children."

As frustrated as she may be over her lack of financial independence, Britney can't rebel. She feels as though she's under constant pressure from Jamie to make money — and that means staying in perfect shape. According to the source, Britney's dad keeps her on a strict workout regime, which she was forced to maintain in rehab. "She'd exercise for a few hours a day, running or kickboxing," the source recalls. "There was one time when it was raining and Jamie called. He asked for Britney's outdoor treadmill to be moved under an awning so she wouldn't miss a day of exercise."

Her diet, too, is carefully monitored

by Jamie — who didn't even let her indulge on Thanksgiving, the source says. "He keeps her on such an extreme diet. The day after Thanksgiving, she said she didn't eat anything besides vegetables because she felt like his eyes were always on her."

Pressure To Perform

Britney's grueling residency at Planet Hollywood in Las Vegas was one of the main reasons she turned to prescription drugs. "She feels tremendous pressure to make money and claims that if she weren't taking the pills, she wouldn't have the energy to keep going," the source explains.

Jamie exerts control over Britney's relationships as well. Isolated by her father from those he considers "bad influences," the 33-year-old has very few friends — which makes her particularly vulnerable when it comes to relationships. "She relies too heavily on whoever she's with, and when they break her heart, she crumbles," says the source, adding that when she arrived in rehab, she was despondent over her breakup with David. "Things like that affect her more than the average person."

Indeed, her unhappiness over David contributed to her substance abuse. But instead of looking at the bigger problem, Jamie forced her into rehab, with an order to give up the drugs immediately.

SHE WANTS TO GO HOME

Sadly, Britney's troubles go far beyond pills. According to the source, she's exhausted by the constant pressure — and would have no need for energy-enhancing drugs if she could just settle down, stop performing and spend time with the people she loves most: her children and her mother, Lynne. "She told me that all she wanted to do was 'move back home to Louisiana and have more babies,' but that her dad wouldn't let her," the source says. "All she wants to do is stop working, settle down and be near her best friend — her mom." *

Taraji P. Henson **HER TRAGIC LOVER**

A SHOCKING MURDER IN
WASHINGTON, D.C., ROBBED
TARAJI P. HENSON'S SON OF HIS
FATHER 12 YEARS AGO.

AS Cookie Lyon, the tough-as-nails family matriarch behind the titular entertainment company on this season's smash new dramatic series *Empire*, Taraji P. Henson is often at the center of the music, sex and drugs that drive the show's narrative. But there is one more element — murder — that, unfortunately, hit close to home for the actress.

Taraji's former boyfriend William LaMarr Johnson — the father of her 20-year-old son, Marcell — was brutally beaten and knifed to death 12 years ago. They dated while she was attending Howard University in their hometown of Washington, D.C., and she became pregnant during her junior year. "I had my one bad boy," says Taraji, 44. "That was my son's father, my first love, and he's not with us, God rest his soul."

DEADLY FACE-OFF

On Jan. 25, 2003 — one day after his 34th birthday — William Johnson confronted husband and wife Russell and Charlotte Nickelson in their D.C. apartment and accused them of slashing his friend's tires. A fight ensued, according to court documents, during which the Nickelsons beat William over the head with a lamp and kicked and punched him on the ground, before Charlotte stabbed him multiple times with a knife.

When the police arrived, a dying William asked for water, to which Charlotte allegedly answered, "Shut up [expletive], you ain't getting no water in here!" He passed away an hour later, and in October 2004, Charlotte and Russell Nickelson each pled guilty to voluntary manslaughter and were sentenced, respectively, to 36 and 50 months in prison.

"His dad was murdered when Marcell was 9," Taraji says of her son. "He's had to deal with life in a way that a lot of young kids haven't yet." And although she and Johnson were no longer together when he was killed, "we would sit and weep about it," Taraji reveals. "Do I mourn for him? Absolutely. I wish my son had his dad. But sometimes things line up and they have to happen and we don't know why."

Kris' GREEDY GETAWAY

THE MOMAGER HAS MONEY ON HER MIND DURING A GIRLS-ONLY TRIP TO CANCÚN.

It was her son **Rob Kardashian's** 28th birthday. But as **Kris Jenner** vacationed in Cancún, Mexico, with **Melanie Griffith** and her daughter, **Dakota Johnson**, on March 17, the money-hungry momager was more focused on finances than family.

According to a close source, Kris engineered the trip in order to lure Dakota, 25, into signing with her as a client — part of a long process that began with her befriending Melanie in the winter, vacationing with her in Aspen over the holidays and charming the *Working Girl* star into believing she had only her best interests at heart. "It's plain and simple: Kris has made friends with Melanie in order to get closer to Dakota,"

says an insider, adding that the reality diva is dying for a share of Dakota's *Fifty Shades of Grey* earnings — especially since she's rumored to be asking for a whopping \$40 million for her participation in the sequel. "Kris always has an ulterior motive to everything she does," the insider explains. "When she looks at Dakota, she sees dollar signs."

MELANIE IS IN THE DARK

Kris has gone out of her way to feed Melanie's ego — and make sure she stays oblivious to her true motives. She talked a good game when she first cozied up to the Oscar nominee, acting as though her career — not Dakota's — was her main

interest. Noting that Melanie's work has been largely limited to low-budget movies and episodic TV roles in recent years, Kris convinced her she could help "raise her star power" on social media, the source says, adding, "Kris promised to advise Melanie on how to market her own products." And she did keep her word on March 20, touting Melanie's product line, Radical Skincare, on her Instagram account.

But sources say that, throughout the trip, Kris enlisted Melanie's help in trying to convince Dakota to sign with her. "Kris doesn't like to take no for an answer," says the source. "But Dakota is very aware of her rising star power and has no plans to switch managers." *

A HEAD FOR BUSINESS

Kris tweeted, "Sunset vibes with @melaniegriffith #amazing #blessed #beautiful #friendship" on March 18, but while she showed her new BFF a good time in Mexico, Kris was trying to win over a different *Working Girl*.

PRISON IS SHOWING HER A NEW REALITY

"Teresa wants to do a cooking show with her daughters and write a book when she gets out," the source says.

LOCKUP AND DIVORCE LOOMING

Teresa Quitting Housewives And Husband Joe!

THE BRAVO STAR WANTS TO MAKE A FRESH START BY COMPLETELY CHANGING HER LIFE.

SITTING alone in a prison cell day after day has led **Teresa Giudice** to an epiphany: She has had it with her job and her marriage — and she wants out of both! "Teresa doesn't want to be part of the *Housewives* franchise anymore, because she's tired of the drama and believes that putting her life under the microscope on the show is the reason she is in prison today," says a friend of the *Real Housewives of New Jersey* star. To that end, she has now enlisted the help of a fellow Housewife, *RHOA* star **NeNe Leakes**, to help her escape. "Teresa speaks to NeNe all the time. They are close," the insider tells *Star*. "NeNe told her she needed a good attorney to get her out of her contract with Bravo." NeNe may also be lawyering up for the same reason, now that she has reportedly signed on to do a new show with the Oxygen network.

KICKING JOE TO THE CURB

As soon as the contract issue is resolved, Teresa's lawyer will be focused on the divorce papers. **Joe Giudice** has been plagued by rumors that he has been unfaithful while his wife is behind bars, and he recently missed a prison visit — which reportedly had Teresa, 42, fuming. "She has had it with his cheating," the source says. "And she finally realizes that it's affecting her girls. Joe will be going to prison for four years, and Teresa wants to start a new life without him."

Jessica's shifting expressions bordered on batty during a recent red carpet event.

JESSICA "I know it's tuna, but it says Chicken of the Sea" Simpson has never been known for her eloquence. But in a pair of recent interviews, the bombshell's otherwise charming ditziness veered into the realm of the disturbing.

Answering questions first on the *Today* show on March 13, then on the red carpet at *Teen Vogue's* 10th Annual Fashion University event, the star not only seemed to be straining to form coherent sentences, but also displayed bizarre physical mannerisms — spastically jerking her head back and forth and bulging

her eyes. "She has that hyper-functioning drunk behavior of someone who drinks on Aderall or cocaine," commented one viewer of the *Teen Vogue* red-carpet interview. "I thought I was watching **Amanda Bynes** for a second. She is on something," wrote another. Many viewers suspected diet pills, while a few supporters pointed out that Jessica — who has admittedly never seemed comfortable in front of the camera — was probably just nervous. "She's just high-strung," defended one fan. "I see nothing unusual."

Jessica Is She On Something?

THE STAR'S ERRATIC BEHAVIOR DURING RECENT APPEARANCES HAS FANS WONDERING — AND WORRYING — IF HER PERSONAL LIFE IS TAKING A TOLL ON HER HEALTH.

HAZARDOUS TIMES

In truth, Jessica's behavior has been anything *but* usual of late. It was less than two months ago that, during an alcohol-fueled fight at the Chateau Marmont, she struck husband **Eric Johnson** with her purse, cutting his nose. Shortly after, in what seemed like a desperate attempt to get attention and convey happiness in her marriage, she posted raunchy photos of herself and Eric on Instagram, which she has tagged **#FIFTYSHADESOFJOHNSON**.

"She's trying to keep her life together, to be a good wife, businesswoman and mother, but it's clearly taking its toll," says an insider. "Something is seriously off with her." ★

Q&A WITH...

COSTUME CONSULTANT

PATRICIA FIELD

In *Younger*, Patricia dresses 40-year-old Sutton Foster to look as young as Hilary Duff, 27.

RESPONSIBLE for the fashion-heavy wardrobes in *Sex and the City* and *The Devil Wears Prada*, Patricia gets actors to dress the part! In *Younger*, a show about 40-year-old Liza (played by **Sutton Foster**) posing as a 26-year-old to get back into the workforce, clothing is used to distinguish between her two ages. Patricia gave *Star* the style secrets on how she got Liza to look like she's in her 20s.

What are the pieces in Liza's wardrobe that transform her into a 26-year-old?

Mismatched layers: a buffalo-plaid shirt over a floral-print dress, motorcycle boots and knitted beanie hats. It's a mix of vintage, thrift, brands like H&M and Topshop and her daughter's closet. Her reactions, facial expressions and movements already embody those of a younger person!

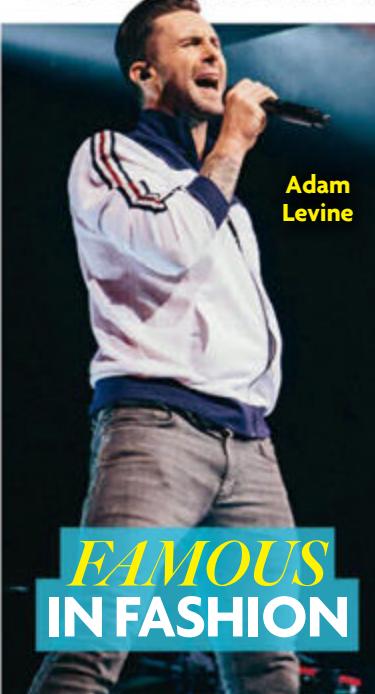

What is the difference between Liza's faux look and Kelsey's true twentysomething outfit? Liza is eclectic and mix-and-match, while her colleague Kelsey is more confident in her look as an incoming executive. Kelsey wears designer pieces and keeps up with new trends; her look is coordinated and strong, but still young.

What is Liza's style like when she dresses her actual age? She wears neutral solid colors and simple shapes, instead of just throwing together whatever she has.

What should readers wear to keep them looking young? Add sneakers, leggings, motorcycle jackets and hats to your wardrobe to give yourself a bit of dash!

"This season, Mary doesn't trust anyone," Janet says of her character. "It's the beginning of all-out war. Nobody's safe."

On the new season of the hit series *Salem*, Janet Montgomery plays the town's most powerful witch — no brooms required!

THE small town of Salem, Mass., has a spooky place in early American history — nearly two dozen people being hanged when a witch frenzy grips your town can have that effect on a cultural legacy. But the hit supernatural series *Salem* turns the historical account of what happened in the 17th century on its head, postulating that the witches were real and actually meddled with and murdered townsfolk with dark magic.

As it enters a second season, viewers can expect even more creepy and juicy plots, including an all-out un-civil war among the witches, a saucy love triangle and one witch who gives her own son to the devil. Leading the coven is bewitching Brit Janet Montgomery, 29, who plays ruthless and powerful

Mary Sibley. Janet, a former dancer and fan of horror movies who considers her character "complicated," talks to *Star* about the new season and the mystical powers she wishes she had.

HYDRATE SKIN FROM WITHIN

After age 25, your body's collagen levels begin to deplete at a rate of 1.5% per year. That means by age 40, you've already lost almost a quarter of the collagen your skin needs to be firm and smooth. So what can you do to help **stop the clock?** Lucky for you, we want to share three best kept beauty from within secrets for radiant, youthful skin.

1) Supplement Hydrolyzed Collagen to help stimulate the fibroblasts within your skin. This produces more collagen and supports your skin matrix for smooth, firm skin.*

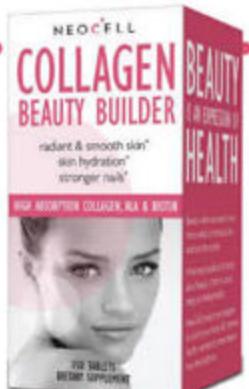

"I was just really blown away by the difference!"

-Gigi Parker, Health & Wellness Blogger

2) Start a skin diet. Eating plenty of nutrient packed power foods such as fruits and vegetables can help your skin glow like never before. Fun food fact: Foods high in Vitamin C, like sweet potatoes, aid in collagen formation.*

3) Hydrate from within. You've heard it before for a reason. Drinking enough water is crucial to healthy skin. The "8 by 8 Rule" (eight 8oz cups of water daily) is a good rule of thumb, but factors such as exercise, environment, and health can change your necessary intake. There are many online hydration calculators you can use to find your optimal hydration intake.

Salem

Premieres Sunday, April 5, at 10PM on WGN America

Janet with Shane West, who plays her long-lost love John Alden. He vows to destroy the witches without realizing she's the leader of the pack.

What's the scoop for season two?

We're not holding back. We're going to be much darker and will be pushing a lot of boundaries. We're taking it back to the roots of magic, which will be very interesting because there's going to be a lot more spells. Also, at the end of the first season, I was reunited with the son I thought was dead, so this year you'll see some pretty wild scenes with the two of us.

Were you familiar with the Salem witch trials?

I did a lot of research on them, but I trust the writers. We're rewriting history, and the work I do is really about the character and the scenes.

Any new characters this season?

Lucy Lawless joins the show as a powerful European witch named Countess Von Marburg. I've got some great scenes with her.

— BARIA BAILEY ★

Did you guys get along?

Lucy is an absolute nightmare! Seriously, she's hilarious and so cool. We get along really well on set. Since we're all filming together in Louisiana, the whole cast and crew have become quite close and are like a family.

Do witches deserve their bad reputation?

It depends on who you're talking about. I've always found them quite exciting and almost attractive. Practical magic is thrilling. There's something kind of awesome about witches.

What witch power would you want the most?

I really wish I could fly. I love that feeling of being in a dream, and you're flying wherever you want to go.

The hard-working women of *Blood, Sweat and Heels* take another bite of the Big Apple!

THE sexy, successful women of *Blood, Sweat and Heels* are back for a second season of the hit Bravo series. Once again, the group of high-powered minority women balance love, careers and friendships in NYC. Joining the ladies are two new cast members: celebrity stylist Arzo Anwar, who owns styling, PR and fashion show production business Blend Showroom, and Chantelle Fraser, a graduate of the London School of Economics and owner of high-end talent booking company Flawless NYC.

They'll be mixing it up with power players Mica Hughes, Geneva S. Thomas, Melyssa Ford, Demetria Lucas D'Oyley and Daisy Lewellyn. And while the group may bicker about almost anything, they manage to make their friendships work. "There are some moments that made me cringe, but it's a social experiment, and overall I've had a really cool journey," Arzo tells *Star*. "We inspire each other and offer

Kevin Hart helps Will Ferrell get prison-ready in *Get Hard*.

GET HARD

Will Ferrell and **Kevin Hart** make the best odd-couple comedy team since **Jackie Chan** and **Chris Tucker**. But sadly, they can't elevate a hit-and-miss script that starts from a limited premise. Ferrell plays James, a soft, privileged hedge-fund manager facing hard time for fraud. He turns to the only guy he knows with street cred: Darnell (Hart), who details his car. But Darnell isn't 'hood, let alone street. Still, he knows enough convicts to convince the ultrawhite James. The blend of Hart's motormouth volatility and Ferrell's scared, say-anything sensibility creates a handful of laughs, but how much you laugh may depend on your appetite for X-rated jokes.

LONG STORY SHORT: It has enough laughs to keep you watching—barely.

Director **Noah Baumbach** examines the generation gap between Gen Xers and Millennials. **Ben Stiller** plays Josh, a fortysomething filmmaker who's been working on the same documentary for a decade. He begins mentoring a younger fan, Jamie (**Adam Driver**), and before long, Josh and his wife Cornelia (**Naomi Watts**) are hanging out with Jamie and his girlfriend, Darby (**Amanda Seyfried**) — and trying to mimic their feckless hipster lifestyle. And that leads to problems, because Josh begins to lose track of his own values. The comedy is sly and subtle, dealing more with behavior than punch lines. The laid-back Jamie and clenched Josh make for a fascinating comedy odd couple, especially as Stiller's Josh tries to fight Father Time.

LONG STORY SHORT: A sharp-edged and smart comedy.

Premieres Tuesday, March 31, at 10PM on TV Land
Broadway star Sutton Foster plays Liza, who gave up a career in publishing to raise her daughter. Now 40 and facing a divorce, Liza needs to find a job — only to be told, in a variety of ways, that she's too old for the publishing world. So she remakes herself as a 26-year-old — and lands a position at a publisher as an assistant, with **Hilary Duff** as her coworker. Can she maintain the charade and keep her job? If this sounds like a sad excuse for jokes about the world of space-case Millennials that Liza has to infiltrate, you're right. Foster is winning; so, for that matter, are Duff and **Debi Mazar** as Liza's best pal. None of them, however, can save the shallow and unfunny humor.

ARIES MARCH 21-APRIL 19

You are about to step into a new reality — cast aside limiting beliefs, and get ready to live your best life. Singles can find true love. Forget the past, live in the present and enjoy the moment!

TAURUS

APRIL 20-MAY 20

Your career can move ahead now, but you may need to leave something or someone behind to do so. Don't make any assumptions, though, as more could be revealed in the days to come.

GEMINI

MAY 21-JUNE 20

When there's an opportunity to mix with people who can put in a good word for you, take advantage of it. Love can move to a more permanent stage.

CANCER

JUNE 21-JULY 22

Be social and mix with influential people to get out of a rut or make progress on your career. Focus on home and family; expect some challenges and changes.

LEO

JULY 23-AUG. 22

You have a dynamic personality and can be the life of the party, but when it concerns love, you want the real you to shine through, not the partyer.

VIRGO

AUG. 23-SEPT. 22

Your wallet may get a boost — get organized with a money-management system. When you have a life-changing decision to make, be logical and intuitive to find the right answers.

LIBRA

SEPT. 23-OCT. 22

Everything is up for review! Have a much-needed cleanup of people and situations. Someone influential can help with money. Love takes a front-row seat.

SCORPIO

OCT. 23-NOV. 21

Compatibility and connection are both important with love; you need electricity and common interests for love to last. Tune in to your instincts; they will guide you to your next move.

SAGITTARIUS

NOV. 22-DEC. 21

Right now, you can have it all: meaningful relationships and a healthy bank account. But keep in mind that both come with compromises. Financial arrangements require attention. Give-and-take is also needed, especially with family.

CAPRICORN

DEC. 22-JAN. 19

You are in an amazing phase of life. Be open to accept what happens next. Love can also touch your heart; it's important to make time for romance. A family situation may be confronting; it is what it is, so don't try to do the impossible.

AQUARIUS

JAN. 20-FEB. 18

When you have information for your ears only, keep it that way. Settling down is very possible now. Couples can secure their union with a deeper connection. A discussion could move a creative venture to the next stage.

PISCES

FEB. 19-MARCH 20

You can be lucky in love and money. However, you need a comfortable connection and unconditional love for a relationship to go the distance. A financial break can provide the security you need to sleep well at night.

PAGING PETA!

JUSTIN BIEBER'S

Unlucky Puppy

Despite a history of mistreating and abandoning his pets (and girlfriends), Justin Bieber has added a new member to his menagerie: a teeny, tiny pup named Esther. The Biebs treated his latest lady to dinner at Mastro's Steakhouse in L.A. — hopefully with wee-wee pads in tow.

DADDY'S GIRL!

EMINEM'S DAUGHTER HAILIE ALL GROWN UP

Who knew a rapper known for saying ugly things could make such a gorgeous daughter? Eminem's little girl, Hailie Jade Scott Mathers, looks All-American glam in her Twitter profile. And she's not just a pretty face. Before graduating high school, the 19-year-old was a National Honors Society scholar, a student council member and even a homecoming queen!

FASTIN®-XR CLINICALLY PROVEN (150% stronger than 10mg Ephedrine) STRONGER FOR BOOSTING THE METABOLIC RATE THAN EPHEDRINE!†

Fastin®-XR (Extended Release) was subsequently launched based upon Hi-Tech's Exclusive, Clinically-Studied, Phenylethylamine Alkaloids derived from Acacia Rigidula (Thermo-Rx®). The findings from Hi-Tech's randomized, double-blind, placebo controlled study showed convincingly that Acacia Rigidula promotes significant increases in Resting Energy Expenditure (Metabolism)(12%+) still evident 3 hrs post ingestion. The clinical study on Thermo-Rx® showed an astounding increase in resting metabolic rate that was superior to the findings of previous studies which reported that 10 to 30mg ephedrine - once believed to be the Gold Standard of Weight Loss compounds - increased energy expenditure by 6.6% to 10% (Versus 12%+ Acacia). Thermo-Rx® combined with all the other components in Fastin®-XR was shown in the same double-blind, placebo controlled study to elevate Energy Expenditure (Metabolism) 371% when compared against Caffeine at 3hrs post ingestion and 871% over Placebo at its highest point. Therefore, Fastin®-XR was shown to increase Metabolism more than DOUBLE that of 10 mg Ephedrine in past studies (150% stronger than Ephedrine)!†
